MESSAGE FOR THE CLASS OF 1979

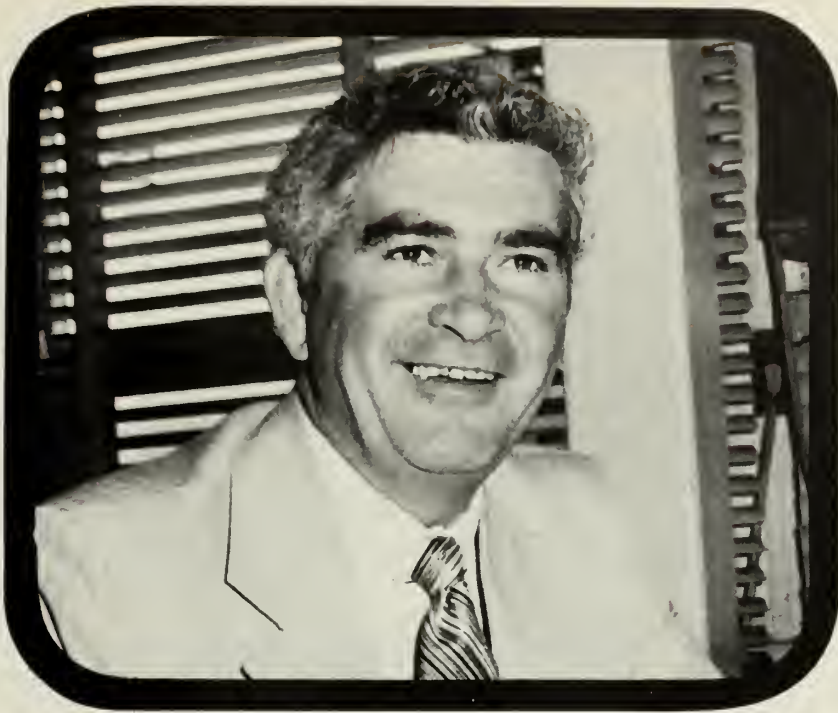

My comments to you are, obviously, directed at your academic success. As a class, you have demonstrated a facility in handling the many educational challenges at North High. As a class, you have impressed your faculty with your ability to succeed, your ability to solve perplexing academic problems, and your ability to adjust to rigorous programming. That most of you have attained a prominent place during your four years at North is evidenced by your realistic approach to post-secondary opportunities. The universities, the industrial milieu, and the community will be enhanced by your presence.

Another point to be made is that you have grown, matured, and have become sensitive to the needs of others. Your leadership in our Community Action program, your leadership in all charitable drives, your help with younger students, your concern for our staff, your respect for our school are positive reflections of personal and group development. Nonetheless, through these fast paced, quixotic four years, you have laughed, cried, enjoyed and even suffered disappointment. These complex emotions have contributed to a North High Spirit that has helped to set a positive attitude. These complex emotions have contributed to your individual growth.

While your teachers accept North's academic excellence without reservation, you have added another important dimension to our school. You are ample proof that our graduates also reflect the humane qualities so necessary to create a society concerned with easing the misfortunes of others. Do not forget that as educated people, you are responsible for the welfare of many.

As the Class of '79 has accepted its responsibilities thus far, so shall the Class of '79 continue to lead the way in the immediate and far-off future. On behalf of all who have worked with you, I wish you a pleasant and successful encounter with your various life experiences.

The outstanding spirit of the Junior Class motivated their successful class activities. Their unending participation in car washes, bake sales, holiday drives, and dances helped raise funds for the class. Junior workday had been the most successful in several years. The many students that participated in this workday obtained and completed over 100 jobs in the community, and many who could not work directly contributed donations on their own. The talented acts in the Variety Show were also a great fund raiser and a unique, rewarding experience that will always remain in the minds of the participants. These successful activities lead the way to the special evening, the Junior Prom, something that will be . . . Always and Forever. The Class of 1980's optimistic attitude always helped to fulfill their ambitions and achieve a respected status in the school and community. The juniors look forward to their senior year of financial, academic, and social challenges for which they are well prepared.

SOPHOMORE STEERING COMMITTEE

L.to R. A. Shulman-president, A. Sapowith-vice-president, M. Goldstein-treasurer, S. Trotter-secretary. back row: Mr. O'Donnell-Grade Administrator, Mrs. Whittaker-Class Advisor.

The Sophomores had many exciting activities this year. At the Halloween Pizza Supper, two Boston concert tickets were raffled off. Over 400 students purchased our class T-shirts which came out in November. The December showing of the nostalgic movie **American Graffiti** also proved to be a great success. Our efforts and contributions to the Holiday Drive were rewarded in February when the long-awaited Ring Dance arrived. In the spring the class sponsored rollerskating and theatre outings. All in all, the sophomore class had a very active year and look forward to an even more productive junior year.

The Community Action Program affords students the opportunity to extend their education beyond the classroom by gaining insight and sensitivity to others while voluntarily providing a useful service to the agencies involved within the community. Students contribute their time and talents in such capacities as teacher-aides in our elementary schools, in many, varied programs for children with special needs, with the elderly, with the disadvantaged, in pre-school programs, hospitals nursing homes, day care centers, etc. The eager, enthusiastic response of our students and the directors of the agencies involved attest to the success of this worthwhile educational program.

A Time For Us

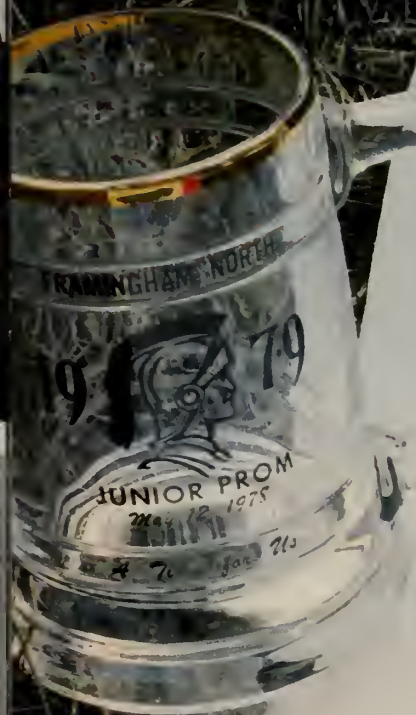

A time for us
Someday that'll be
When wishes are true
By courage
Of a love that's free

A time when dreams
So long denied can flourish
As we reveal the love
We now must hide

A time for us
At last to see
A life worth while
For you and me

And with our love
Through tears and
We will endure
As we pass surely
Through every storm

A time for us
Someday that'll be
A new world
A world of shining hope
A world for us

Congratulations To The Class Of 1979

We know the sigh of relief that comes at the end of your final exam. Long years of study behind you, and a big wide world ahead.

But even at that it isn't the final test or the end of your learning. The biggest tests still face you in the choice and fulfillment of your life's work. Many plan for college, some reckon with the armed forces. Others will seek positions in industry, trade, business. We, at Dennison, congratulate you on your past accomplishments; if your future plans call for steady employment or summer work, we'll be glad to discuss your problems with you.

Our Employment Department will welcome the chance to outline opportunities existing in our offices, factory, and warehouse.

REFLECTIONS

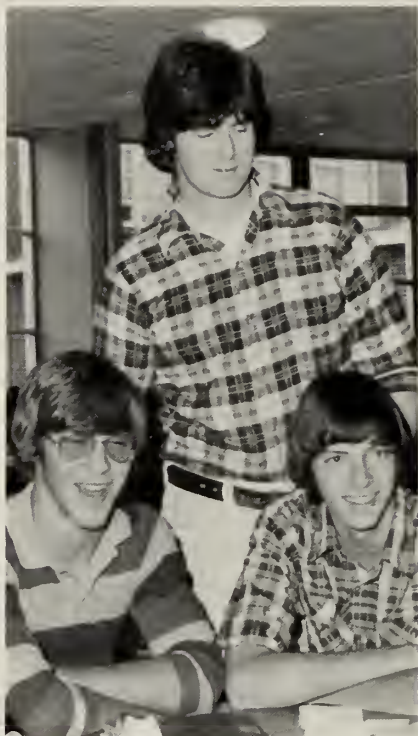

**REACH BACK FOR THE JOY AND THE
SORROW.**

PUT THEM AWAY IN YOUR MINDS,

GATHER MOMENTS WHILE YOU MAY,

**COLLECT THE DREAMS YOU DREAM
TODAY, REMEMBER.**

**WILL YOU REMEMBER THE TIMES OF
YOUR LIFE?**
